WOW, BIG BIRD!

Ever-popular Big Bird of Sesame Street enthralled young and old alike as it curbsided with the thousands of spectators jamming Minden's Main Street during the Rotary Summer Carnival

parade last Wednesday. It was the parade entry of one of Minden's newest retail outlets, M. J. Fashions. For more on the Carnival see Page 3.

The Chamber

with
bob stinson

Office 286-1760 Secretary-Manager Res. 457-1110

The Haliburton Highlands Chamber of Commerce

Well the Miami Tourist Bureau may like to drop into the Highlands about now and see what it looks like when we have 'wall to wall tourists'. It would appear that there is still lots of room for everyone to have an enjoyable holiday, but accommodations are pretty well strained to the limit at the moment. Too bad it's for such a short period of time. Advance bookings, or lack of them, had many operators nervous this year, but if August holds up it appears that business will be relatively good this summer. For some reason many visitors are not booking ahead this season, and are just taking their chances on finding something that will suit them. For this reason it has made this the busiest year ever for our 'Welcome Centres' and makes it doubly important that all operators keep our staff informed on opening that are available. It has been extremely difficult for the girls to keep up to date when things are changing so rapidly.

We were back up on Highway 60 near Algonquin Park again last week and are pleased to welcome two new members from that area to our Chamber. Joe and Edith McAllister operate the Curve-Inn just west of the entrance to the park. They have a large well-stocked store, along with an attractive motel and a tent and trailer park. A large portion of their business involves canoe rentals and they carry about 50 in stock for this purpose. Just inside the county border on Highway 60 is the Ox-tongue River Travel Park, owned and operated by Glen and Marilyn Jarvis. This 100 acre park was once owned by Art Asbury who designed and worked on many famous racing boats in the building that now houses the office and snack bar. Glen moved here two years ago and is constantly adding more sites in a large variety of locations that will provide visitors with a great many choices. Wildwood Printing in Dwight produced a quantity of 'Haliburton is for Lovers' bumper stickers this spring and we have agreed to dispose of the balance of his inventory for him. They are presently selling rapidly at 25¢ each, and while they last are available in lots of 100 to members at a substantial discount at the Chamber Office.

Bob Palmer who runs the Tourist Information Centre at Dwight and publishes 'Holiday Country' newspaper was rushed to hospital last Wednesday. He was in considerable pain which was found to be the result of about 60 gall stones. He is now recovering nicely from his operation, at Huntsville Memorial Hospital, room 306.

A hearty congratulations goes out this week to George Hardy, a past president of the Chamber, who was just notified by Coca Cola that he is the lucky winner of a \$21,000 'Denim Machine' van. George says that he has been entering contests for years but prior to this one the only thing he ever won was an election. George presently mans the Haliburton Highlands Pioneer Museum which is quite a contrast to the van he will be driving.

Now that Wilberforce, Minden, and Haliburton have all held their respective carnival parades we hope that you won't put everything away until after the County Fair Parade at Minden. This is a 'county' fair so we should see a huge parade consisting of all the floats and participants of all three of its predecessors. The new date for the fair is August 13-14. The committees are working hard on an all new look. The Chamber urges everyone to get behind them and make it a truly 'county' fair. See you there.

COMING EVENTS:

August 3 - Haliburton Rotary Carnival Parade - Midway.
August 8 - 'Working for a Living and All That Jazz' Theatre 5 H.H.S.S at 8:30 p.m.
August 13-14-Haliburton County Fair, Minden Fair Grounds & Community Centre. Parade - Midway - Exhibits.
September 2,3,4, - Kilmount Fair.

Dejected driver William Zarobiak, 20, of Oshawa, sadly contemplates his 'totaled' automobile after it spun loose shoulder gravel and, turning end for end, plunged down a 20-foot em-

bankment where it narrowly missed a telephone pole then turned upside down. The Sunday noon mishap occurred on Highway 121 east of Allsaw and driver Zarobiak

said afterwards he 'just managed to turn off the ignition and fling himself flat on the seat before the roof was crushed in as his car overturned. It is believed

that Mr. Zarobiak became even more dejected on learning later that he faced a charge of careless driving. (See accompanying story this page.)

Heavy highway toll mars weekend

An area highway toll of 21 persons injured, five severely, in 12 accidents with property damage topping the \$60,000 mark marred this past Civic Holiday weekend across Haliburton County. Six drivers have been charged by police while charges are pending against one other driver.

A two vehicle accident last Friday on Highway 530 near Maple Lake sent four persons to hospital, one in serious condition.

In Oshawa hospital with severe lacerations, sprains and chest pains is 18 year-old Lorie Legroe of Bowmanville, a passenger in one of the vehicles.

The 4 p.m. accident caused an estimated \$14,000 damage to both cars and occurred as the vehicles met on a curve on the road.

Sixteen year-old David James Watt of Scarborough and his 54 year-old father John W. Watt were treated and released from Haliburton Hospital as was the driver of the second vehicle, Michael A. Darrah, 21, of R. R. 2 Bowmanville. Investigation by Provincial Constable Al Barnes.

Another accident on the same stretch of road some two hours later sent two persons to hospital with minor injuries.

Treated and released from hospital were 8 year-old Brent Newbatt of Haliburton, passenger in a car driven by brother-in-law Douglas J. Moore, 34, of Haliburton, and Edward J. Wilson, 34, of Ottawa, driver of a third vehicle involved.

According to police 41 year-old William James of Willowdale was travelling east-

bound, followed by the Moore vehicle, when the two cars were struck by the westbound Wilson car.

James' 1973 station wagon sustained some \$1,000 damage while the Moore vehicle received \$1,500 damage and Wilson's 1973 car suffered \$2,000 damage.

Investigation by Provincial Constable Bob Wood.

A 4:30 a.m. Saturday accident on Highway 35 near Carnarvon sent one man to Lindsay's Ross Memorial Hospital in serious condition.

Suffering from a cracked hip, fractured leg and lacerations is 19 year-old Gregory Franklin of Mississauga. A passenger in his vehicle David Detwiler, 20, of Mississauga, was treated and released from Minden hospital. Franklin was northbound when he failed to negotiate a curve in the road, struck a sign and entered the west ditch where his vehicle rolled over.

Damage to the 1974 car was estimated at some \$1,500. Franklin and Detwiler have both been charged with failing to wear a seatbelt by investigating officer, Provincial Constable Mike Legge.

Costliest crash in terms of vehicle damage occurred Monday noon on County Road 14 just east of the Redstone Lake Landing when a dump truck carrying a bulldozer failed to complete a curve and went into the ditch striking an embankment and flipping the bulldozer out of the back of the truck.

Damage totalled more than \$20,000. Driver Gruener Guenter, 31, of Willowdale was treated at hospital in

Haliburton for scrapes to his back.

Investigation by Provincial Constable Bill Clendenning. An Oshawa man, Ian Henry, age 20, is in serious condition in Civic Hospital, Peterborough with severe head injuries following an early morning crash Tuesday.

He was a passenger in a car driven by Rodney K. Sellers, 21, of Bowmanville when it ran off County Road 7 two miles from West Guilford and into a ditch where it struck a driveway.

Sellers escaped with minor injuries and was treated at Haliburton Hospital. Damage to the car totalled some \$2,000.

Investigation by Provincial Constable Roy Telford.

A single vehicle collision at noon Saturday caused some \$3,000 damage and slightly injured four persons.

Twenty-two year-old Larry Cross of Hamilton was eastbound on Fleming Road in Monmouth Township when his car entered the south ditch and rolled over.

Cross and one of his three passengers, Michael Vibond, 14, of Hamilton suffered scrapes and bruises while 13 year-old Kenneth Bowman and 11 year-old Daniel Borden, both of Hamilton, were treated and released from Haliburton Hospital.

Cross' 1976 station wagon sustained some \$3,000 damage and he has been charged with failing to wear a seatbelt by investigating officer, Provincial Constable Boyd Jarvis.

A late Sunday afternoon accident on a Lutterworth Township road near Onondaga Camp has caused some

\$3,000 damage and sent a Scarborough woman to Lindsay Hospital.

According to police 24 year-old Candance Rochford and her 25 year-old passenger, Michael Heller, were westbound on the dirt road when a pet dog jumped from the car's back seat onto the driver's lap causing Miss Rochford to lose control of the vehicle and enter the south ditch, striking a tree. The collision pinned Miss Rochford under the vehicle. She was taken to Minden Hospital where she was treated and sent on to Ross Memorial Hospital in Lindsay with suspected pelvic injuries. She has since been released from hospital.

Meanwhile her passenger was treated for facial lacerations and released from Minden Hospital.

Charges are pending, according to the investigating officer, Provincial Constable, Jim Solway.

A mid-afternoon accident last Thursday caused some \$3,000 damage to a 1976 station wagon driven by Lorne Johnston, 50, of Ajax.

Johnston was eastbound on Highway 121, east of the intersection with Highway 648, when his car entered the south ditch and struck several rocks.

Johnston and his nine year-old son, Kevin were treated and released from Haliburton Hospital.

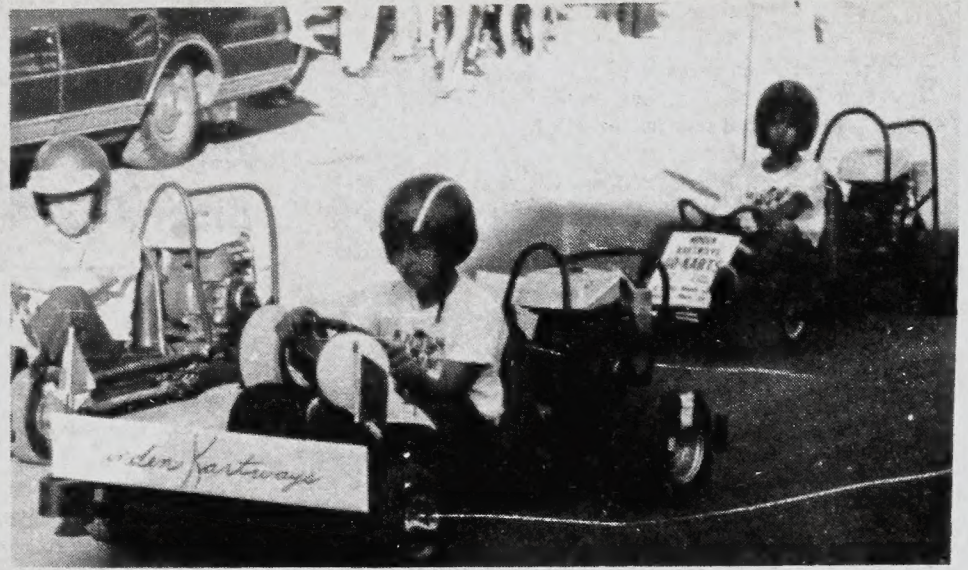

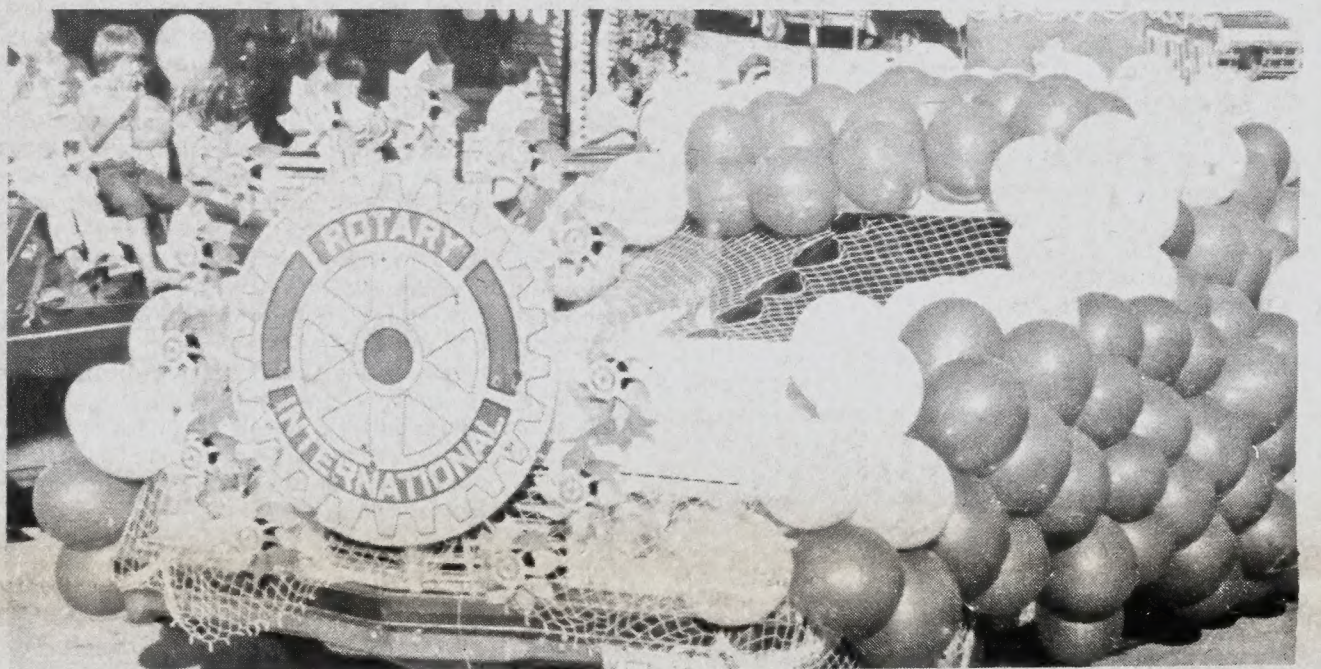

Investigating officer, Provincial Constable Bob Pearson, has charged Johnston with careless driving.

See TOLL Page 5

Rotary Carnival a big winner

Once again Minden's Rotary Carnival was a huge success and typifying the action and entertainment of the four-day festival was the frenzied swirl (right) of this midway ride. Continuing clockwise: Stedman's balloon-laden parade float was aglitter with the blue and gold of Rotary; delighting onlookers was this parade entry of youngsters driving Coltman's Go-Karts; the winning children's float was by the Red Cross Swimming Classes with some 40 youngsters trailing along in Pied Piper fashion; of course, the 'Bed Race' was a real crowd-pleaser, the winning Ministry of Natural Resources Experience '77 entry shown here neck and neck with the sensational Camp Onondaga entry featuring Pete Stribling's ass (donkey) in the bottom bunk; and, of course, there was plenty of feminine pulchritude as ably displayed by pretty Ann McLaughlin atop the Cox's Apparel winning float in the parade's commercial category.

Post Haste!

With all those reports of late and lost mail you probably thought that most postal employees just don't pay enough attention to what they're doing, right!

Well, we've got news for you. They pay a lot more attention than you give them credit for.

Why, just a couple of weeks ago an edition of the Progress went out carrying a January dateline on Page One by mistake.

Reports since then from subscribers both in Canada and out indicate that particular edition of the Progress set some sort of record for rapid delivery. Why, one Detroit subscriber actually had his Progress on the Friday of the same week it was published.

Postal employees...darn right they notice things.

Mouse Hunts

The elephant-like trumpeting of an outraged press are still echoing across the land in the wake of Prime Minister Trudeau's recent remarks on the possible need to discipline the media.

If it was reaction he sought from the press et al, then he most certainly got what he was looking for...almost 100 per cent of it outraged and flailing wildly.

Actually though, it's hard to imagine a pragmatic, eye-on-the-vote, idealistic hellraiser like our PM even for one moment deliberately fomenting his own political suicide by making any such move.

Was he instead, first testing our alertness and, if we were found to be less than zip-zap, then planning to go on to things more dire?

After all, there are times when the media of this country give the impression they're cat-napping between mouse hunts.

At least now he knows you can only catch some of the media sleeping some of the time, while we know just how far he'll go to get his name in the paper.

Report from Queen's Park

John Eakins, M.P.P.

It is generally agreed that an overall energy strategy for Ontario is vital to each one of us--and especially to future generations. Estimates may vary as to exactly when the energy crunch will come, but experts believe that within a very few years Ontario will be unable to meet its needs with domestic oil.

The Arab oil embargo and the natural gas shortage in the Eastern United States last winter showed all too clearly that the lifestyle which we have enjoyed for years must change. We cannot continue to squander our energy resources.

Clearly industrial and domestic consumers can anticipate that prices will continue to rise. It would seem to be almost impossible to resist the inevitable climb to world prices. A short-sighted approach to this matter can endanger jobs and threaten the competitiveness of Ontario's economy. Without preparation and planning, a shift to world oil prices will have a particularly severe impact on industrialized Ontario.

The energy policies of this province need new direction if we are to have any chance of overcoming the serious energy supply and cost problems which face us. Ontario Hydro is virtually out of control. In January 1976 rates went up 22%, in January 1977 they rose a further 30.3%, and next year's projected increase is another 11.3%. Since 1971, Ontario Hydro's budget has tripled, and its long-term debt is up by 153%. Hydro's average rate to residential users has shot up by 81.5% over the last six years.

We, in the Liberal Party, believe that the Hydro rate structure should be changed. The present system actually encourages high energy consumption by lowering the unit rate charged as consumption rises. If the rate structure were to be reversed, this would encourage energy conservation. The modest consumer would pay less, which is particularly important for people on low or fixed incomes. Residential consumers would have a strong financial incentive to reduce high consumption rates and undertake essential conservation measures.

Last year, Liberal M.P.P. Eddie Sargent introduced a Private Member's Bill to amend the Power Corporation Act, establishing a minimum basic charge for electric power supplied to residential premises. Such as 'lifestyle rate' for basic family electricity needs would cover

hydro used for lighting, refrigeration, and so on. People using reasonable amounts of electricity would have comparatively low hydro bills. Those who use more than the minimum amount would pay progressively more as consumption increases.

California and Maine have already adopted this concept of a minimum basic user charge for residential customers, and New York is considering similar legislation.

Already skyrocketing energy costs cut deeply into Ontario homeowner's budgets. About 20 per cent of the province's total energy consumption is used to heat homes, and for the vast majority of homeowners, growing energy costs have far out-paced wage increases. For young people just embarking upon home ownership, and for senior citizens struggling to maintain their homes, rising costs have represented particularly serious financial burdens.

One of the best methods of effecting a reduction in energy costs is to improve home insulation. It is for this reason that we proposed, during the recent election campaign, the initiation of a province-wide programme of home insulation to bring every single family dwelling in Ontario up to modern insulation standards within a period of seven years. It has been estimated by experts that the cost of such insulation would be fully recovered--even assuming no further energy price increases--in 5 to 7 years. This measure alone would save 36 per cent on our residential heating bills--more than \$412 million annually.

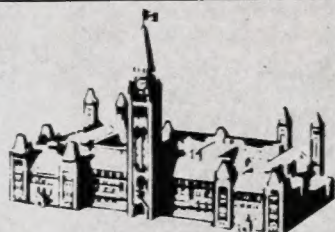

A further benefit of such an insulation programme is that it is labour intensive. Some 150,000 man-years of work would be created, at about the \$15,000 a year level.

At present, the Ontario Building Code is silent with respect to energy efficiency requirements of heating, plumbing and air-conditioning equipment. Some form of Energy Conservation Code could be enacted, setting minimum standards for new buildings and reasonable targets for existing structures. Possibly some form of certification could be devised - to recognize homes of high energy efficiency - in insulation, heating and appliance. This type of certification could be an important factor in buying and selling homes.

Consideration must be given to new sources of energy supply, and I will have more to say about this in my next report.

See you next week.

OTTAWA and Small Business

In the beginning, Canada was a nation of tiny towns with equally tiny weekly newspapers. Some of the towns grew up to become cities like Vancouver, Toronto, and Halifax - and their papers grew with them. More of the towns lost their residents to the big cities, though, and many of the small publishers went out of business. It hasn't been easy in the community newspaper business.

A couple of weeks ago, however, the Canadian Community Newspaper Association held its annual convention in Winnipeg. And, for an industry that was virtually given up for dead a decade ago, this was a remarkably lively corpse. There are hundreds of new community newspapers today, most of them run by highly trained professional newsmen earning enviable profits.

It's very nice that times have changed for the community newspapers. But the real significance of their resurgence is found in the markets these newspapers have carved out for them-

selves rather than in their corporate balance sheets. The real story is that Canada is becoming a nation of communities again.

The big cities wiped out community life. They grew so rapidly that no one felt a sense of identification. But, as the growth slowed, the neighbourhoods stabilized and even the residents of the biggest cities discovered that they shared concerns with their neighbours.

The new communities aren't as easily defined geographically as the traditional small towns with their legal boundaries. Visitors can't distinguish the Annex from Cabbagetown in Metro Toronto; but the residents feel the communal forces. The major daily newspapers can't service these fragmented markets effectively so the new breed of weekly newspaper has sprung up to look after the urban neighbourhood.

In effect, the community newspaper publishers have been one of the first industrial groups to recognize the

Some News Is Good News

by JIM SMITH

Canadian Federation of Independent Business' observation that Canadian society is decentralizing. The same forces that are making more and more businessmen into independent entrepreneurs rather than big business administrators are bringing neighbourhoods closer together.

The rise of the neighbourhood, more than any other social force in Canada today, may be the one element which holds our country together. Consider just one example of how neighbourhood identification provides stability. In mid-July, New York City suffered a power failure that sent thousands of looters into the streets. A few days later, Toronto's community-of North York suffered a similar power failure and there wasn't a single violent incident. That's the real meaning behind the rise of the community newspaper.

comment

LETTERS

The Editor,
Minden Progress,
Minden, Ontario.

Dear Editor:

There may be readers of your newspaper who would be interested in knowing of the forthcoming 32nd annual reunion of #6 Service Flying Training School, Dunnville, and I would appreciate it if you would provide a news item through your public service facilities. Details of this get-together are as follows:

For the past 31 years, Royal Canadian Air Force personnel who were stationed at #6 SFTS during the war have gathered in Dunnville to celebrate their station reunion. This year marks their 32nd get-together, which will take place September 23, 24, 25. The event begins with a reception Friday night, a golf tournament Saturday morning, parade to a memorial service and flypast of war-time Harvard Aircraft in the afternoon, and a banquet Saturday night. The weekend closes Sunday morning with a breakfast cookout. All veterans of No. 6 and their spouses, are invited. If not on their mailing list, contact Frank Scholfield, Box 187, Dunnville, Ontario, N1A 2X5, or call him at the municipal offices.

Sincerely yours,

Frank Scholfield.

The Editor
The Minden Progress
Minden, Ontario

Dear Sir:

While not a resident of Minden, my wife and I have enjoyed summer visits and other visits to the area. We also have friends living just outside the town and we are always interested in what is happening there.

I am consequently distressed to read in the Progress of the controversy surrounding Dr. Lodenqual. Although I have never met him, I know of Dr. Lodenqual through a former patient of his who recently passed away after living a long and useful life. The impression I have gained of the Doctor through her and her family and friends is that he is a most compassionate and competent physician. He appears to be the type of General Practitioner or 'Family Doctor' who from most accounts is becoming extinct.

Minden cannot afford to lose Dr. Lodenqual. I, therefore, hope that the existing situation can be resolved so that the citizens of Minden will continue to have the right to choose the doctor who will treat them. This is a right—not a privilege.

Yours sincerely,

Ross Stewart
Toronto, Ontario

TOLL

From Page One

A single vehicle accident just before midnight Thursday resulted in minor injuries to the driver of a 1974 car that sustained \$3,000 damage.

Twenty-four year-old William May of Don Mills was westbound on Highway 121, west of the Kashagawigamog Lake Road, when his car went into the south ditch and rolled over.

May was treated and released from Haliburton Hospital. Investigation by Provincial Constable Dennis Potter.

A 4 a.m. accident last Sunday on Highway 519, north of Donald has caused some \$1,300 damage to a 1973 car driven by 18 year-old Wayne Ellison of Haliburton.

Ellison was southbound when his car entered the west ditch and rolled over.

Investigating officer, Provincial Constable Boyd Jarvis charged Ellison with careless driving.

A mid-day single vehicle accident last Sunday on Highway 121, east of the Allsaw bridge, resulted in scrapes and bruises to the driver, William Zarobiak, 20, of Oshawa.

Zarobiak was westbound when his car entered the north ditch and rolled over. His 1973 car sustained some \$3,000 damage and he has been charged with careless driving by investigating officer, Provincial Constable Boyd Jarvis.

A pregnant motorist has been charged with failing to report a collision following a single vehicle accident at 1 a.m. last Sunday, on Highway 503 north of Gooderham.

The 20 year-old Oshawa driver escaped unharmed when her northbound vehicle entered the east ditch and struck a tree.

Irene MacDuff and her two passengers were located in a nearby house after police say she left the scene of the accident.

Damage to her 1972 car has been set at \$1,500 by investigating officer, Provincial Constable Bob Wood.

WAKE-UP! SHAPE UP!
WALK!

1,500 jam Minden Rock concert

A crowd estimated at 1,500 jammed the Minden arena Sunday night to hear Canada's own 'Stampeders' in concert.

Organizers and enthusiasts both agreed it was a huge success and the Stampeders responded with an excellent musical display.

Indeed the lead-off band, the 'Imps' set the tone for the night as they belted out many excellent songs including numerous Led Zeppelin tunes re-created in exceptional fashion. The Imps are a Vancouver-based three man group who are enjoying great success playing Ontario's well-known bars and night spots.

But it was the Stampeders who made the show a roaring success.

Playing in a new format, minus original member Rich Dodson, the Stampeders seven-man group delighted the crowd with many of their big hits as well as some new material that had the crowd rockin' and rollin'.

Vocalist and drummer Kim Berly said after the show

that the band plays Minden annually because they have such a good time here and he finds the fans so responsive and appreciative of music in general. What Kim failed to mention was that his group displays musical expertise that even the most sophisticated critic must take note of and appreciate.

Bitter Green Productions' next dance is Labour Day weekend.

Perform a death-defying act.

Have regular medical check-ups.

Charge two hitchhikers with theft

Two men have been charged with break, enter and theft following a routine police check of two hitchhikers last Tuesday afternoon.

According to police, Provincial Constable Bob Wood stopped two young men hitchhiking on Highway 35 and carrying some articles rarely found in packsacks.

Further investigation by Provincial Constable Mike Maher recovered about \$2,500 worth of property belonging to Browndale's Tall Pines Lodge, including some video tape equipment and a Bell and Howell movie projector.

Eighteen year-old John W. Hamilton of Peterborough and 17 year-old Daniel A. Steel of Noelville have been charged with break, enter and theft and possession of stolen property.

Police are also continuing their investigation into the theft of some \$2,000 of musical equipment from the Harcourt Community Centre.

They report that the building was entered through an unlocked window sometime during July 18 to 20.

Stolen were guitars, microphones, speakers and other musical equipment owned by Dwayne K. Thompson, 17, of Harcourt.

Hall's Lake News

Doreen Stinson

Well we certainly have changeable weather! Nice right up until Sunday afternoon when a terrific rain and wind storm hit us. Boats were tossing about and sailboats overturning in our lake. Chairs and all sorts of things went flying about, but guess we were lucky not to have been flooded out as some places were. The rain did a lot of good and this Monday morning with the sun shining again everything looks clean and fresh.

The St. Stephen's Sale and Bazaar on Wednesday last was a huge success and the ladies were indeed grateful to all those who helped to make it such a happy, pleasant event. The home baking went quickly and many of the lovely quilts were sold without difficulty. The White Elephant tables were popular and crowded with buyers and the apron booth offered many bargains. The ladies downstairs in the tea room excelled themselves and the tables were set up attractively with lovely linnen cloths and fine china. The tea was served hot and good and the goodies nicely set out for an enjoyable snack. The good-natured and helpful Mr. Lloyd Brownridge was at the door to keep the crowds under control until opening time and it was a very nice afternoon all 'round. The ladies are to be complimented on their efforts.

Mr. and Mrs. Dan Regan of Hamilton returned to be guests of Ken and Pat Scott over the long week-end.

Nice to have Steve and Dorothy Fletcher back at the lake along with members of the family.

The famous Hall's Lake Coffee Club have been meeting regularly with Rev. Hills, Dan Regan, Charles Flood, Steve Fletcher, Dave MacLennan, Dr. Paul Greenhow and other guests dropping by each morning for a chat around 8:30. Kitty MacLennan 'crashed' the party one morning and the men actually argued over who would buy her coffee!

Professor and Mrs. Reid are back at their nice cottage on the Island.

It is good to see activity around Lorelea Lodge and Glenroy Lodge, Sandy Lane Resort and Glengarian Resort, and we believe they are busy out at the Hawk Lakes as well. Generally it seems to be a good Summer for tourists.

Sorry to hear that Mr. Darling's Mother had a heart attack on Sunday at Big Hawk Lake.

Two bad accidents at Maple Lake have been reported at the dangerous corners above Ranchers' Market, and another early Sunday morning down Highway 35 at Carnarvon. It is a wonder there are not more accidents considering the excess speed some people still travel along these roads!

Some smart young men in an old car were acting up the other night after midnight, skidded across the highway just next door, hit our neighbour's mailbox-breaking it off it's moorings, hit the Highway sign, breaking it off, hooted and hollared, backed up into a ditch and sped off down the highway without reporting the damage. They call that fun!

We wonder why when one calls the Police at night they are referred to Lindsay and when the Minden Ambulance is called they are referred to Haliburton? Perhaps there is an explanation that people when calling in an emergency in off hours do not understand and which if they know about it would save some precious moments and maybe save a life?

Mr. and Mrs. Lloyd Allemang are back for their yearly holiday at Cherokee Resort, also Mrs. Lorraine Thompson and her family.

On August 10th the Carnarvon U.C.W. are serving a Buffet Supper from 5 until 7:30 p.m. The charge will be only \$3.50 per adult and \$2.00 for children and it will be in the attractive Christian Education Building. Mark an X on your calendars and plan to attend as the ladies at Zion are noted for their fine food and delightful way of displaying and serving it.

A nice congregation attended the United Church yesterday with Miss Cathy Kinsman being the soloist. A good service was enjoyed at St. Stephen's also at 3 in the afternoon when the Rev. Douglas Brown preached the sermon and took the Even Song.

The Carnarvon Ladies are planning another of their pop-

ular bus trips in August, this time to the C.N. Exhibition and they are including the night performance which at that time will be the Scottish Tattoo. The people from the Church will have first chance at the tickets for the trip but they are always generous in extending their invitation to others until the bus is filled, each person paying their fare and providing their own snack on the way down usually and while there, and of course entrance into the various events.

Just received a nasty shock -- Mr. Cecil Irwin passed away last night. A well-known and active gentleman right up until the last and an avid camp owner of the famous Sherwood Forest boys' camp at Carnarvon for years. He and Jean were here for their evening meal very recently and we shall miss his visits very much. We certainly extend our sympathy to his wife and family in this sudden bereavement.

Enjoyed a surprise birthday party Sunday evening at Sir Sam's Inn at Eagle Lake. The food was very good, delightfully served, the Host very attentive to everyone's comfort, sang the Birthday Song. Even the drive through the pelting rain was worthwhile and with good company what more could any one ask for?

Congratulations to the Hyland Crest staff and residents who took part in the recent Minden Carnival and won a prize for one of the best Floats in the Parade. A golden coach was chosen for this is the Queen's Jubilee Year and with a great deal of work and worry the royal coach was produced for the parade. The residents were conveyed in their own bus.

"Belligerent" driver faces 5 charges

Last Thursday evening, a 23 year-old Port Perry man who police say forced another vehicle off Highway 121 near Haliburton then took off now faces five charges laid by police.

According to police, Dennis W. Arskey was eastbound on Highway 121 near the Lakeview Hotel when his car veered across the highway into the path of an oncoming car driven by Edward M. Lethbridge of Lindsay. Police say Lethbridge swerved to avoid the collision and ended up on the south shoulder while Arskey's car came to rest in the north ditch.

Flying stones shattered the windshield of the Lethbridge car with damage estimated at \$150.

Arskey then pushed his car out of the ditch and took off, driving in an erratic fashion. Police were notified and the Arskey vehicle was located in Haliburton Village.

Arskey was not driving when the car was stopped. Instead 26 year-old Jack V. B. Cummings, was behind the wheel. Police termed the pair were 'belligerent' and 'impaired' and subsequently charged Cummings with impaired driving and driving a motor vehicle with liquor readily available.

Investigating officer, Provincial Constable Weldon Popp, has also charged Arskey with impaired driving, refusing to supply a breath sample, careless driving, failing to remain at the scene of an accident and dangerous driving.

Glad to read in the Letters to the Editor that the Stirlings are still reading the Minden Progress. We hear from our own family that the mailed subscriptions are reaching them now in very good time -- much more interesting to get the news when it is fresh.

Mr. Dudley did not catch the names of the good Samaritans who helped him out of a nasty situation this week-end. He was in his boat on Big Hawk Lake trying to get in to his cottage when it was so foggy and all lights were out so that he could not find his way to his cottage. These friendly people got him to his place and went in the morning and towed his boat back to the dock as well. Mr. Dudley wants to express his deep appreciation for this kindness, whoever you are! Thank you!

As of this morning we hear that Mr. Jimmie Hubley is a patient in the Minden Red Cross Hospital. We trust he will soon be feeling better.

atrixo

Atrixo is different! It protects your hands with silicone which acts like an invisible glove. This creates a barrier against the harmful effects of climate and daily work inside and outside the home. Try Atrixo! Apply a small amount and see how a little goes a long way.

GUARANTEE If you are not convinced that Atrixo helps to keep your hands in better condition than any other hand care product, then return the container and we will refund your money.

Smith & Nephew Limited 2100 52nd Avenue Lachine, Quebec H8T 2Y5

Thank You

The Gull Lake Association is deeply grateful to the merchants of Minden and vicinity who have supported our Regatta & held 30 July 1977, by donating prizes.

Our sincere thanks to all.

Try this recipe, using Dutch cheese, for an easy-to-make, different tasting bread; and then add a cheese-spinach salad for a light lunch or snack.

Tasty ideas for lunch

IN the mood for baking? Holland Cheese adds a unique flavour to this quick-and-easy to make cheese-nut bread.

CHEESE-NUT BREAD

2 cups all-purpose flour
 1/3 cup sugar
 4 teaspoons baking powder
 1 teaspoon salt
 1/4 cup butter
 1 cup shredded imported Holland Edam or Gouda
 1/2 cup chopped walnuts
 1 cup milk
 1 egg
 Mix flour, sugar, baking powder and salt together. Cut butter into dry ingredients. Stir in shredded imported Holland Edam or Gouda and walnuts. Beat milk and egg together. Add all at once to flour mixture. Stir together quickly just to moisten dry ingredients. Spoon into greased 9 x 5 x 3 inch loaf pan. Bake at 400°F for 35-40 minutes. Makes 1 loaf.

For a light lunch add this spinach salad. The Holland cheese and crisp bacon will

give you the protein needed to make this a well-balanced meal.

GOUDA SPINACH SALAD

4 slices side bacon, crisply cooked
 4 cups raw spinach
 8 mushrooms, sliced thin
 1 cup thinly sliced green onion
 1 cup shredded imported Gouda (4 oz.)
 1/4 cup vegetable oil
 2 tablespoons lemon juice
 1 small clove garlic, finely chopped
 1/2 teaspoon salt
 1/4 teaspoon dry mustard
 Pinch of pepper

Crisply cook bacon; drain on paper towelling; crumble and toss with Gouda in small bowl. Reserve. Rinse and dry spinach in large salad bowl, top with mushrooms, green onions and bacon and cheese mixture. Combine vegetable oil, lemon juice, garlic, salt, mustard and pepper in a small jar with a tight fitting lid. Shake well. Pour over salad. Toss well. Makes 4 to 6 servings.

Library - Museum auction a big success

Due to the talent of Canada's youngest auctioneer, Greg Hickson, the Auction held by the Library-Museum Committee on Saturday was a success. Young Greg sold all we had in short order and would only take money for travelling expenses in return. Those of you who were in attendance will be interested in knowing you may be on television in December. CHEX television was filming and taping the auction

for a special they are running featuring Greg Hickson later this year.

We would like to thank all those who supported us by donating articles, coming to bid, or working on the sale. Our next projects involve the sale of tickets on a Barbie Doll with 27 outfits made by some local ladies, also we plan to have 2 booths at the county Fair, August 13 & 14. See you at the Fair.

Hyland Crest to have emergency water supply

Anson, Hindon and Minden Council has decided it will provide Hyland Crest Senior Citizen's Home with a portable water tank for emergency use if the village water system should ever break down or loose pressure.

Clerk - Administrator Rich-Parisotto told council that the municipality would make their fire department's 1,000

gallon, collapsible water tank available to Hyland Crest in the event of any undue hardship caused by water system failure, especially during the present water and sewer line construction.

Although the water tank will remain at the Fire Hall until it is requested by Hyland Crest officials, Mr. Parisotto said it will be available to them whenever they need it.

Council's decision came in response to a letter from the Home's management requesting an alternative water supply in case of emergency.

Operation
Lifestyle

Did you know that 12 million people in Canada consume alcohol? Many people drink with moderation and keep their health, but 720,000 drink in excess.

July was a very pleasant month with over all good holiday weather. There were above and below average temperatures, on July 20 the high was 93 degrees, the highest in many years. One week later the low was 34 degrees and frost occurred in many locations. The first July frost in many years. Rainfall was slightly below average.

About the Town

with Jeanne Sears

The Rotary Club is to be congratulated on a well-organized and worth-while week of celebration. The parade, (a bit late), was great, but the bed-race, was something else. The ladies competed but try to keep your wheels on next time! The crowds were excellent and the music and entertainment was continuous and weather couldn't have been better. Winner of the Barbados Trip was Alice Cox who lives on Kinmount Road near Hubbs. Congratulations to her.

Sincere sympathy goes to the families and friends of the late Leslie Reynolds, Wallace (Baldy) McKnight and Cecil Irwin, who passed away since last week.

Remember, Ronnie Prophet, who entertained us at the Fall Fair several years ago? Seem she did get his own show on T.V. and two awards were presented to him, Top Country and Western Singer and Top Country and Western Show. In his own way he said it was not only his own talent which earned this but also the talent of his guests that made his show so successful.

The Kinettes Bake Sale is coming up this Saturday, watch for the posters for time and place.

Weekend guest with his parents, Mr. and Mrs. Angus Coulter was Gerald Coulter of Toronto.

Last chance to see Live Theatre this summer at High School Auditorium, Aug. 8 at 8:30 when you may see 'Working for a Living and all that Jazz.'

The John Bumister family of Mississauga have been visiting her mother, Chris Lazier.

Hint of the week. Keep a clean plastic bag in the corner of your freezer for left-over cooked vegetables and when sealed, of course, it is nearly full make a pot of soup.

Winner of merchandise at M J's Factory Outlet last week was Olga Gordon.

The Library-Museum Action Sale was quite successful at the Curling Club on Saturday afternoon. The group plan to sell rooted slips at their Fair Booth so watch for that.

All their friends send good wishes to these people in hospital, Holly Stevens at Haliburton, Bertha Hughes at Ross Memorial, Mrs. Bert Harrison (Boshkung) at St. Josephs, Peterborough, Jum Hubley and Ernest Hewitt at the local one.

Read in a magazine that an elder citizen who suffered from arthritis, not finding a fast check-out for her few things, asked for a clerk; when no one came she just left the basket and walked out. Needless to say, the next time she came in there was a clerk found quickly to check her through.

Congratulations to Janey and Bill O'Brien on the safe arrival of their baby BOY!

Mr. and Mrs. Jack Berry of Scarborough visited Margaret McCallum recently.

Mark Twain said it--I don't like to committ myself about heaven and hell--you see I have friends in both places!

Mr. and Mrs. J. Grogan Smith of Lyriden and Mrs. Florence Barton of Toronto were recent visitors at the home of Mrs. Verna Jarvis.

Newlyweds Mr. and Mrs. Jack Goldie of Toronto visited Mrs. Leigh Harrison last weekend.

Cindy White of Toronto enjoyed a weekend visiting Lisa Bagshaw.

July is now over and some accidents over the holiday weekend. Don't forget, you visitors, we have one-lane traffic here, so be careful. Cheerio until next time.

Crash claims former Haliburton man

A motorcycle - van collision on Toronto's Lakeshore Boulevard last Wednesday afternoon claimed the life of the driver and sent his bro-

ther to hospital in serious condition. Both were former Haliburton residents. Glen Hyoway, 21, of Toronto,

nephew of Mr. and Mrs. Argye Thomas of Haliburton, died instantly when his motorcycle collided with a delivery van that had changed

lanes in front of him. Mr. Hyoway's brother, Paul, 19, was rushed to the Intensive Care Unit of St. Joseph's Hospital in critical condition but has since improved and is listed in serious but stable condition in hospital. According to relatives, the young men had just finished work as high-rise window washers and were returning home when the collision occurred. Mr. Thomas said that his nephew couldn't avoid the accident and that it was a 'miracle' both men weren't killed. Mr. Thomas said that his nephew had just returned from an 8,000 mile tour of the continent shortly before the accident occurred.

REYNOLDS, LESLIE WHISTLE - suddenly at North Bay on July 29, 1977 in his 60th year, beloved husband of Muriel, dear father of Sheila Sawyer, son-in-law Bev., grandfather of Paul, Tammy and Shane, brother of Annie Walker and Morgan of Minden, and predeceased by Audrey Walker and Arnold. Resting at the funeral home of John Welch and Son Minden after 7:30 p.m. Saturday. Funeral service on Monday, August 1st, at 1:30 p.m. Interment at Minden Cemetery. 753-10

IRWIN, CECIL HOLMES - in his sleep at the Red Cross Hospital, Minden, on Monday, August 1, 1977 in his 80th year. Beloved husband of Jeane Maude (Carey) MacDonald, dear father of David, brother of Florence, Irene (Mrs. W. H. Clarke), Grace and of the late Reginald and John. Resting at the Funeral Chapel of John Welch and Son (Minden) until 11:00 a.m. Wednesday, thence to Zion United Church, Carnarvon, for funeral service and interment at 1:30 p.m. In lieu of flowers the family would appreciate donations to the Minden Red Cross Hospital. 753-10

A memorial service was held in Haliburton last week.

Public acclaims opening of public washrooms

The Village of Minden opened its' new public washrooms last week, much to the relief of its' business community whose individual washroom facilities have been plagued with heavy visitor traffic for weeks now. Although the washrooms have been functional for some time, council had to wait until the final metal partitions arrived from the supplier and were installed. The new washrooms are located in Minden's new Fire Hall and situated in the east end of the building. Although Clerk - Administrator Richard Parisotto couldn't quote the exact cost of the new facilities, he did point out that the entire Fire

Crowd enthralled... Jazzfest comes of age

Minden Rotary's Fourth Annual Canadian Blues and Jazz Festival came of age last weekend with pure blues and pure jazz that kept the crowd in an appreciative hush for some four hours. Quickly entrenched as a permanent fixture in Minden's music scene, the Festival had the packed house enthralled as

vocalist Joe Williams, trumpeter Sam Noto, saxophonist Glen MacDonald and the Bernie Senesky Trio belted out music associated with the greats of New Orleans and Chicago. This was by far the truest blues and jazz music the Festival has had in its short four-year history and the crowd respond-

ed with spontaneous applause and numerous encores while the performers were called upon for many autographs following the show. The Festival proved a gala finale to Rotary's Summer Carnival.

Hundreds throng Gooderham Horseshoe Day

Gooderham's Oldtime Horseshoe Day Contest last weekend was an unqualified success with hundreds thronging to the village to join in the festivities. Winner of the singles competition was Greg McGrath of Peterborough while the doubles champions were Greg McGrath and Al Fice of

Bear Lake. Runners-up in the doubles were Greg's father, John McGrath and his partner Roy Hoogsteem. Third spot went to R. Rowe and C. Roberts. There was also games of chance, a bake and rummage sale, bingo,

amateur talent show, beer garden, and a huge street dance with entertainment by 'Spectrum'. The accompanying photos show many of the activities including some fine form displayed by lady horseshoe pitchers.

FROM THE LINDSAY AGRICULTURAL OFFICE

HAY SAMPLED FOR FEED TEST

Several times during the past few weeks we have discussed the feed testing services which are now available to farmers in Ontario. This testing is especially important for hay and haylage, and also corn silage, as the food value in these crops can vary a great deal. A number of Victoria County farmers have already received their test reports on hay and haylage from their 1st cutting. It would appear that the protein content of the 1st cutting is quite a bit lower than it was last year.

For example, on one farm in Mariposa Township the haylage is almost 1 per cent lower this year and the hay is 3 1/2 per cent lower--down to only 16 per cent. These crops were from the same fields of good alfalfa each year and this year's crop was cut a week earlier than in '76. This should make the protein level even higher.

Some farmers who had their hay tested last year, have suggested they don't need to test again this year, expecting the food values in their crops would remain fairly constant. The results so far show there is a considerable variation, so that testing again this year is essential. We feel that having your hay tested is an important part of good livestock management today. With the high cost of protein supplements this year, no farmer can afford to feed more than is required by his animals. However there is so much variation in hay from one farm to the next, that getting your hay tested is the only way to be sure you are feeding a balanced ration.

To help the farmers of Victoria and Haliburton Counties get their hay samples taken for testing, staff members from the Agricultural Office in Lindsay are willing to visit your farm with the hay coring tube to help you get a good sample of hay. This sample will then be sent to the test lab in Guelph for analysis. There is a fee of \$5.00 or \$11.50 per sample for the test at the lab--paying this is the responsibility of the farmer.

The big problem with hay is how to get a good sample and we'll help you do that with the hay tube.

Any farmer who lives in Victoria or Haliburton County, wishing this assistance should contact the Agricultural Office as soon as possible and not later than August 10th. Please give your name, address, phone no., and your lot, concession and township. Either phone the office at 324-6185 or write to 322 Kent Street West in Lindsay.

COMING AGRICULTURAL EVENTS:

Tues., Aug. 2 8 p.m.--Kawartha 4-H Dairy Club will meet at farm of Bob Reals, #1 Reabro. Bring swimming suits.

Thurs., Aug. 4 3 p.m.--Fenelon Falls 4-H Calf Club will meet at home of Garry Lean, bring your record books.

Cavan man fined for fraud

A 30-year-old Cavan man pled guilty last week to charges of defrauding the Unemployment Insurance Commission.

Appearing before Judge R. Batten in Peterborough Provincial Court last Friday, Wayne Connor of R.R. #3 Cavan pled guilty to giving three false statements to the U.I.C. Connor was col-

lecting U.I.C. benefits while employed.

Judge Batten assessed a fine of \$100 or 10 days in jail on each offence and gave Connors 90 days to pay the fine.

Connor also told the court he would make restitution to the U.I.C. in the amount of \$719.00.

Breakaway:

Too much bench time slows you down. Get active. Get in shape and put yourself in the clear.

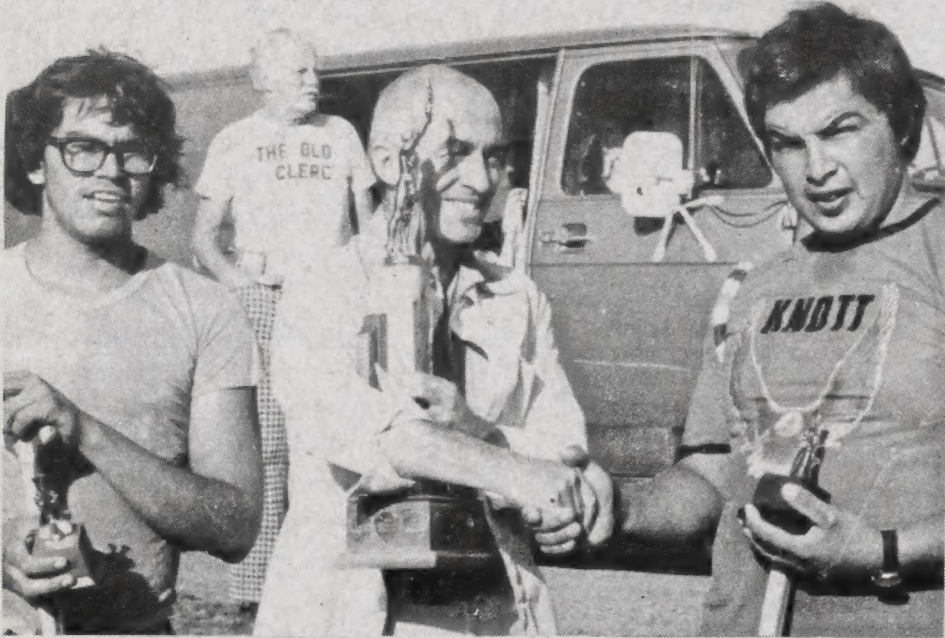

Fitness is fun. Try some.

Canoe race brings excitement to Minden Carnival

The S. F. Stinson Memorial Canoe Race had some exciting moments and many participants as it coursed the Gull River last Wednesday in conjunction with the annual Minden Rotary Summer Carnival. Over 30 canoes were entered in the race with the winners finishing the course in 9 minutes and 5 seconds, just 15 seconds off the course record. Receiving their trophies from Dr.

David Stinson are the champs, Edward Knott and Walter Taylor of Curve Lake, Ontario. Second spot went to the Camp Kandalore team of Jeb Mershon and Sandy MacDougall, who finished just 5 seconds behind the winners. One second later, in third position was the Camp Kandalore (Kenawa) team of Dave Bethune and Doug Jacques.

Operation Lifestyle

Neglecting certain fundamentals such as regular visits to your dentist, brushing your teeth after meals and using dental floss daily, can lead to cavities, infection or inflammation of the gums and the early loss of teeth, as well as unnecessary surgical cost.
